## Introduction

NDLI-Club serves as a comprehensive platform designed to host learning-oriented events for students, both online and offline, across various institutes. These events, organized by local entities and involving collaborations with multiple institutions, leverage the rich resources of the National Digital Library of India (NDLI) along with other pertinent materials. Seasoned experts, both from within the institute and externally, are invited to deliver talks and conduct sessions aimed at enhancing students' knowledge and skill sets.

Established within institutes and nodal bodies, NDLI Clubs operate as catalysts for student development beyond the confines of the regular curriculum. By leveraging the diverse resources of the NDLI and the expertise of professionals, these clubs facilitate the acquisition of knowledge, skills, and traits essential for students' advancement within their respective professional domains.

APSU University Rewa proudly participates as a member of the NDLI Club, recognized as the APSU NDLI Member since September 2022. Through its active involvement, the university has orchestrated various activities under this club's auspices, all geared towards enriching the educational experience and fostering the holistic development of its students.

## **An invited lecture on “Career Opportunities” by Mr. Minoo Titina organized by Department of Business Administration in collaboration with NDLI Club**

**Date: 18/09/2023**

**Objective:** To valuable insights and practical tips to students for navigating their career paths effectively.

### **Overview:**

The Department of Business Administration at Awadhesh Pratap Singh University, Rewa, in collaboration with the NDLI Club, recently hosted a compelling talk session on “Career opportunities” featuring the distinguished speaker, Mr. Minoo Titina. The event, held on 18<sup>th</sup> September at V.C. Sinha Conference Hall aimed to inspire students to provide attendees with valuable insights and practical tips for navigating their career paths effectively.

Overall, the invited lecture by Mr. Minoo Titina was a resounding success providing attendees with valuable insights and practical tips for navigating their career paths effectively. The event not only expanded their understanding of career opportunities but also equipped them with essential skills for personal and professional growth. We extend our sincere gratitude to Mr. Titina for sharing his expertise and making the event a memorable and enriching experience for all participants.

**Program:** On September 18th, an enlightening invited lecture on career opportunities was conducted by Mr. Minoo Titina. The event was held to provide valuable insights into various career paths and opportunities available to the attendees. Mr. Minoo Titina, an experienced professional, shared his expertise on this subject, drawing from his vast knowledge and practical experience.

Throughout the lecture, Mr. Titina discussed not only career opportunities but also covered other essential topics such as stress management, listening skills, effective oral communication, and time management. This comprehensive approach aimed to equip the audience with a holistic understanding of personal and professional development.

The lecture commenced with an introduction to the concept of career opportunities, emphasizing the importance of exploring diverse paths and making informed decisions. Mr. Titina provided valuable advice on identifying one's strengths, interests, and values to align with suitable career options.

Additionally, Mr. Titina shared practical strategies for managing stress, improving listening skills, enhancing oral communication, and optimizing time management. These topics were seamlessly integrated into the discussion on career opportunities, highlighting their significance in achieving success in various professional endeavours.

The event attracted a diverse audience comprising students, professionals, and individuals seeking career guidance. Participants actively engaged in the discussion, asking questions, and seeking clarification on different aspects of career development.

**An invited lecture on “From Books to Business”: by Mr. Sandeep Singh Organized by Department of Business Administration in collaboration with NDLI Club**

**Date: 21/09/2023**

Mr. Sandeep Singh, who is based in Kuala Lumpur, Malaysia. During this engaging lecture, Mr. Sandeep Singh delved into a range of critical topics that bridge the gap between academic studies and real-world business success. One of the key focal points of his presentation was the significance of non-technical skills in the corporate arena. He highlighted those abilities such as effective communication, problem-solving, and decision-making are invaluable assets for professionals. These skills enable individuals to navigate complex business situations, collaborate effectively, and make sound judgments.

In addition to non-technical skills, Mr. Sandeep Singh emphasized the importance of certain personal attributes in achieving success in the corporate world. These attributes included:

1. **Passion:** He stressed that having a deep and genuine passion for one's chosen field or profession can be a driving force behind personal and professional growth.
2. **Determination:** The ability to persevere in the face of challenges and setbacks is essential for achieving long-term goals and objectives.
3. **Practicality:** Being grounded and practical in one's approach to problem-solving and decision-making can lead to more effective solutions and outcomes.
4. **Progressiveness:** Embracing change, innovation, and adaptability is crucial in a rapidly evolving business landscape. Mr. Sandeep Singh also highlighted that

many of the skills and knowledge acquired while studying business management are directly applicable to students' future careers. This connection between academic learning and practical application underscores the value of a business education. It's noteworthy that both Mr. Sandeep Singh and the previous speaker mentioned in the lecture are alumni of the Department of Business Administration at the university. Their successful careers and achievements serve as inspiring examples for current students. They have not only benefited from their education but have also contributed to the university's reputation by reaching significant heights in their professional journeys. Overall, the lecture "From Books to Business" served as a platform for students to gain insights from accomplished alumni who have successfully transitioned from their academic pursuits to the corporate world. Mr. Sandeep Singh's presentation provided students with valuable perspectives on the practical applications of their education and the qualities and skills needed for success in the business world, making it a significant and enlightening event for all involved.

Program: During the entire program, the Head of the Department of Business Administration at APSU, along with the dedicated faculties of the department and the enthusiastic students from both the MBA and MBA IRPM programs, were present. This gathering marked a significant occasion where knowledge, inspiration, and motivation were the order of the day. The highlight of the event was undoubtedly the lecture delivered. It was not just any lecture; it was a highly inspiring and motivating one. The speaker, presumably an accomplished and respected individual, must have shared invaluable insights, wisdom, and experiences that left a profound impact on everyone present. The program's success was undoubtedly a result of the collective effort and enthusiasm of all those involved. It served as a reminder of the vital role educational institutions

play in shaping the future and the potential for every individual to grow and excel in their chosen field.

## **An invited lecture on various aspects of the corporate world by Mr Ashish Kumar Organized by Department of Business Administration in Collaboration with NDLI Club.**

**Date: 21 /09/2023**

**Objective:** The aim of the lecture was to shed light on various aspects of the corporate world and providing valuable insights to the attending students.

**Event Overview:** The Department of Business Administration at Awadhesh Pratap Singh University in Rewa, in collaboration with the NDLI Club, recently organized an enlightening and insightful lecture for its students. The guest speaker for the event was Mr. Ashish Kumar, the President of a reputed organization from Bangalore. During this lecture, Mr. Ashish Kumar shed light on various aspects of the corporate world and offered valuable insights to the attending students. One of the key points he highlighted was the significance of the Choice-Based Credit System (CBCS), which, according to him, empowers students to craft their educational journey by selecting courses that align with their interests and aspirations. Additionally, CBCS allows students to earn credits based on their academic performance, encouraging them to excel in their chosen fields.

Mr. Ashish Kumar also shared a mnemonic, "ABCDEF," which he emphasized as a formula for success in the competitive business arena. Each letter in this acronym represented a crucial trait or quality:

- 1. Adaptability:** The ability to adapt to changing circumstances and environments is vital in the corporate world, where conditions can evolve rapidly.
- 2. Believe in Self:** Self-confidence and belief in one's abilities play a pivotal role in achieving success and overcoming challenges.
- 3. Courage for Change:** Mr. Kumar emphasized the importance of embracing change and having the courage to take risks and innovate in the business world.
- 4. Data Driven:** Making informed decisions based on data and analytics is essential for success in modern business operations.

5. Empathy: Developing empathy and understanding the needs and perspectives of others is crucial for effective teamwork and leadership.

6. Financial Literacy: Having a sound understanding of financial principles and practices is indispensable for making wise financial decisions, both personally and within a business context.

Furthermore, Mr. Ashish Kumar stressed the significance of recognizing and respecting the unique culture of each institution. Understanding the culture of an organization or academic institution is essential for students to thrive and contribute positively.

Program: During the lecture, Mr. Kumar engaged with the students by answering their questions and addressing their concerns related to their future career preparations. This interactive session allowed students to gain further insights and guidance directly from an experienced professional, enhancing their understanding of the corporate world and its demands. Overall, the lecture organized by the Department of Business Administration and the NDLI Club provided students with a valuable opportunity to learn from Mr. Ashish Kumar's expertise and experience, empowering them to better navigate their educational and career paths in the world of business.

**An invited lecture on “Positive Attitude” by Dr. Atul Pandey**  
**Organized by Department of Business Administration in**  
**collaboration with NDLI Club.**

**Date :23/09/2023**

**Objective:** To give insights to the students regarding principles of life and business management

**Overview:** The Department of Business Administration at Awadhesh Pratap Singh University, Rewa, in collaboration with the NDLI Club, recently hosted a compelling talk session on "Positive Attitude" featuring the distinguished speaker, Prof. Atul Pandey. The event, held on 23<sup>rd</sup> September at V.C. Sinha Conference Hall aimed to inspire students to cultivate a positive mindset, both in their academic endeavours and personal/professional lives.

Prof. Atul Pandey, an expert in positive psychology and personal development, began the session by providing a comprehensive understanding of the concept of a positive attitude. He explored the impact of maintaining positivity on personal and professional growth, using real-life examples and success stories to illustrate the transformative power of a positive mindset. Emphasizing the importance of resilience, Prof. Pandey offered practical strategies to overcome challenges and view obstacles as opportunities for growth.

**Program:** The lecture featured an interactive session, allowing students and faculty members to engage with Prof. Atul Pandey, asking questions and seeking personalized advice. This dynamic exchange of ideas fostered a participative atmosphere, enriching the overall learning experience.

The key takeaway messages from the session centered around embracing positivity, perseverance in the face of challenges, and adopting a proactive approach to life. The audience responded with enthusiasm, expressing appreciation for the valuable insights shared during the talk. Overall, the event successfully aligned with the university's commitment to holistic education, emphasizing the development of essential life skills alongside academic excellence. This collaboration between the Department of Business Administration and the NDLI Club exemplifies the university's dedication to nurturing well-rounded individuals who are equipped for future leadership roles.

# मतदाता जागरूकता Quiz: Fostering Civic Engagement and Informed Citizenship

Date 30/10/2023 to 02/11/2023

## Objectives of the Quiz:

The fundamental objectives of the “मतदाता जागरूकता” Quiz were as follows:

- Promoting Voting Awareness: To disseminate heightened awareness regarding the paramount importance of voting as a cornerstone of democracy, constituting both an essential civic right and duty.
- Amplifying Electoral Knowledge: To enhance participants' comprehension of the multifaceted electoral process, including voter registration, ballot casting, and the intricate mechanisms of vote counting.
- Cultivating Civic Participation: To stimulate active involvement in the electoral process by motivating participants to exercise their fundamental right to vote.
- Instilling Responsibility: To inculcate a sense of responsibility among young and first-time voters toward the electoral apparatus and the broader democratic framework.

**Event Organization:** The meticulous orchestration of the Voter Awareness Quiz was made possible through a collaborative initiative by APSU NDLI Club and E Library and IQAC. The event featured a structured framework comprising a series of quiz rounds, expert presentations, and interactive engagements. The presence of accomplished quiz masters and renowned experts in the realm of elections and voting ensured a seamless and engaging experience for all participants.

The quiz encompassed three distinctive Sections:

- Foundational Knowledge Section: This segment delved into the historical context of voting rights, an exploration of various election types, and the roles of diverse electoral bodies.

- Election Procedures Section: Participants were rigorously tested on the technical intricacies of the voting process, including voter registration procedures, the functioning of polling stations, and the intricacies of the vote-counting process.
- Current Affairs Section: Focusing on contemporary issues associated with elections and voter awareness, this round engaged participants in a dynamic exploration of topical electoral concerns.

**Outcome and Impact:** The Voter Awareness Quiz was a resounding success, achieving its primary objectives of elevating awareness and promoting civic engagement. The event, organized in both online and offline modes, saw participation from various departments of the university in groups of three teams. The quiz effectively educated participants about the electoral system and their roles as responsible voters, inspiring them to become informed and conscientious citizens. The event's enduring impact and valuable feedback will guide future initiatives aimed at increasing voter awareness and civic engagement within the community. Through sustained efforts, it is anticipated that more individuals will recognize the influence of their vote and actively engage in the democratic process, reinforcing the core tenets of democracy.

## **Online Webinar on Using Drillbit Anti-Plagiarism Software Organized by IQAC, E-library and Department of Computer Science in collaboration with NDLI Club**

**Date: 01/11/2023**

The APSU NDLI Club recently organized a highly informative and insightful webinar focused on the Drillbit Anti-Plagiarism Software. This event was a response to the growing concern of plagiarism in academic and professional sectors. The webinar aimed to shed light on the significance of academic integrity and the practical solutions offered by Drillbit. This report encapsulates the key highlights from the event, including the core features of Drillbit, its practical applications, and the benefits it brings to the table. The event began with an introductory address by Professor Navita Shrivastav, Director Directorate Research, Secretary of the NDLI Club and Professor In charge E Library, who highlighted the pressing issue of plagiarism in educational institutions and set the tone for the following discussions, emphasizing the need for reliable anti-plagiarism solutions.

Professor Sunil Tiwari, the President of the NDLI Club and Professor In charge Central Library, led the webinar and underlined the increasing prevalence of plagiarism across various sectors. He stressed the importance of proactive measures to combat plagiarism and elaborated on the role of anti-plagiarism software in the digital age. Professor Tiwari discussed key features of anti-plagiarism software, such as advanced algorithms and real-time scanning, and showcased practical use cases in academia, business, and content creation. The interactive Q&A sessions encouraged audience participation and fostered a collective commitment to upholding academic and professional standards.

Chief Guest Dr. Raj Kumar Acharya, the Honourable Vice Chancellor of APSU, REWA, delivered an inspiring speech on the importance of upholding academic standards and research integrity. His words resonated with the audience, underlining the responsibility of educational institutions in nurturing a culture of originality.

The special guest, Registrar Professor Surendra Singh, expressed their appreciation for the potential of Drillbit to revolutionize the educational landscape and preserve the quality and authenticity of academic research and publications.

The webinar provided an in-depth exploration of Drillbit's capabilities, with Mr. Raghvendra R effectively highlighting its core features, practical applications, and benefits across

academia, business, and individual contexts. In a society where plagiarism remains a persistent problem, Drillbit emerged as a comprehensive and practical solution. The event emphasized the vital importance of anti-plagiarism software like Drillbit in today's world, underscoring its role in ensuring the originality and integrity of written content. Attendees gained a profound understanding of Drillbit's potential and its significant contribution to promoting academic and professional integrity.

Professor Atul Pandey, Director IQAC and Executive Member of the NDLI Club, extended his sincere appreciation to the keynote speaker, guest speakers, and all contributors who made the webinar a success. He acknowledged the valuable insights shared during the event and emphasized the significance of addressing the critical issue of plagiarism in the digital age.

**Glimpse of the Event Participant's attending online and offline both the mode**

## **An invited lecture on “Health and Hygiene for Young Girls” by Dr. Gunjan Goswami Organized by Department of Business Administration in collaboration with NDLI Club**

**Date 03/11/2023.**

**Overview** Today, in the Department of Business Administration at Awadhesh Pratap Singh University, a session was held to educate female students about the serious issues associated with Polycystic Ovary Syndrome (PCOS) and menstrual health. Dr. Gunjan Goswami served as the main speaker during this informative event.

Dr. Gunjan Goswami began the session by shedding light on the symptoms of PCOS and the potential future risks associated with it. The gathering was highly interactive, allowing students to ask questions regarding both current and prospective issues related to PCOS. Dr. Goswami also provided valuable advice on how to mitigate these problems.

She emphasized the significant influence of our daily routines on our overall health and well-being, urging attendees to be mindful of their daily habits. As part of the recommended remedies, Dr. Goswami highlighted the importance of activities like Surya namaskar (sun salutations), Pranayama (breathing exercises), and maintaining a healthy diet. He also stressed the need to minimize the consumption of junk food.

Dr. Goswami challenged long-standing conservative traditions and refuted their scientific viewpoints, such as the belief that women should not visit temples during their menstrual periods. She explained that women are embodiments of power, and this power flows upwards. Temples, being places of divine energy or Shakti, also possess their own energy. During menstruation, blood flow in women moves in the opposite direction, which, when considered from a scientific perspective, results in opposing magnetic fields. This misalignment of energies and magnetic fields can lead to hormonal imbalances and negatively impact women's health. Therefore, this could be one of the reasons behind the tradition of refraining from temple visits during periods.

The session was organized under the guidance of Head of the Department Prof. Atul Pandey and featured the participation of other esteemed speakers, including Dr. Nidhi Srivastava, Dr. Isha Kaur Rakhra, Dr. Deepa Saxena, and Dr. Mahima Garg, who are experts in the field of Business Administration with specializations in MBA and MBA (IR). This event aimed to provide valuable knowledge and promote a deeper understanding of PCOS and menstrual health among the female students at the university.

## **Online Webinar on Drillbit: UGC Recommended Plagiarism Detection Software Tool Organized by Department of Computer Science, IQAC and E-Library in Collaboration with APSU NDLI Club**

**Date: 11/11/2023**

The Directorate Research, IQAC and E-Library in association with APSU NDLI Club hosted an insightful webinar on 11th December 2023. The Webinar focused on the newly Introduced PDS by INFLIBNET/UGC, "Drillbit" Anti-Plagiarism Software. The Purpose was to address the escalating concern of plagiarism in academic and professional domains and to illuminate the importance of academic integrity within the university system Using Drillbit. This report encapsulates the key highlights of the event.

The event commenced with an introductory address by Professor Navita Shrivastav, Director Directorate Research cell, Secretary of the NDLI Club and Professor In charge E Library. She emphasized the pressing issue of plagiarism in educational institutions and advocated for reliable anti-plagiarism solutions.

Professor Sunil Tiwari, the President of the NDLI Club and Professor In charge Central Library, led the webinar and highlighted the increasing prevalence of plagiarism across various sectors. He stressed the significance of proactive measures to combat plagiarism and expounded on the role of anti-plagiarism software in the digital age.

Chief Guest of the event Dr. Raj Kumar Acharya, the Honourable Vice Chancellor of APSU, REWA, delivered an inspiring speech on the importance of upholding academic standards and research integrity. His words resonated with the audience, underscoring the responsibility of educational institutions in nurturing a culture of originality.

The special guest, Registrar Professor Surendra Singh, expressed his appreciation for the potential of Drillbit to revolutionize the educational landscape and preserve the quality and authenticity of academic research and publications within Higher Education Institutions.

The webinar provided an in-depth exploration of Drillbit's capabilities, with the Keynote Speaker Dr. Nikita Wanjari Relationship manager and science communicator-Academic and Corporate, Balani Infotech Pvt. Ltd. effectively highlighting its core features, practical applications, and benefits across academia, business, and individual contexts. In a society

where plagiarism remains a persistent problem, Drillbit emerged as a comprehensive and practical solution. The event emphasized the vital importance of anti-plagiarism software like Drillbit in today's world, underscoring its role in ensuring the originality and integrity of written content. Attendees gained a profound understanding of Drillbit's potential and its significant contribution to promoting academic and professional integrity.

Professor Atul Pandey, Director IQAC and Executive Member of the NDLI Club, expressed his sincere appreciation to the keynote speaker, guest speakers, and all contributors who made the webinar a success. He acknowledged the valuable insights shared during the event and emphasized the significance of addressing the critical issue of plagiarism in the digital age.

**An invited lecture on “Campus to Corporate” by Mr. Virendra Singh  
Organized by Department of Business Administration in  
collaboration with NDLI Club**

**Date: 01/02/2024**

**Objective:**

The event aims to guide students from academia to the corporate world through insights shared by Mr. Virendra Singh, an esteemed alumnus and Technical Consultant from Vadodara. Attendees will gain practical tips and career advice, fostering a seamless transition. The Q&A session provides an opportunity for personalized guidance.

**Overview:**

The Department of Business Administration at Awadhesh Pratap Singh University, Rewa, in collaboration with the NDLI Club, was delighted to have organized an event: an invited lecture on Career Guidance - Campus to Corporate. The distinguished speaker for this enlightening session was Mr. Virendra Singh, an esteemed alumnus of the Department of Business Administration at the university. At the time, Mr. Singh was serving as a Technical Consultant in Vadodara, Gujarat, bringing a wealth of real-world experience to share with the students.

The lecture aimed to provide valuable insights into the transition from campus life to the corporate world. Attendees had the opportunity to gain practical tips and advice, drawing from Mr. Singh's personal journey and professional achievements. Students were actively encouraged to participate, engaging in a Q&A session to interact directly with Mr. Virendra Singh and seek guidance for their career aspirations.

The event successfully delivered on its promise to be a valuable resource for students navigating the path from academia to the corporate realm. The organizers expressed gratitude for the active participation of the students in this insightful lecture, which undoubtedly contributed to the success of the event.
