

Department of Chemistry
A.P.S. University, Rewa (M.P.)-486003

NATIONAL SEMINAR ON

Recent Advances in Chemical Sciences

8th-9th November, 2024

ABOUT THE A.P.S. UNIVERSITY

This university was established on 20th July 1968 as a state university of Madhya Pradesh. The University has been named after a distinguished son of the land and a freedom fighter Capt. Awadhesh Pratap Singh, a national leader and the 4th Prime Minister of Madhya Pradesh. The university was recognized by the UGC February 1972. The university is a member of the Association of Indian Universities (AIU) and All Commonwealth Association of Universities (ACAU). The university has 16 teaching departments which offer 49 traditional and professional programmes on self-supporting basis apart from the regular post graduate programmes. We also impart education through nearly 238 affiliated colleges within the university jurisdiction in Anuppur, Rewa, Mandla, Satna, Mathar, Jabalpur, Sagar, Bilaspur and Umaria districts of Madhya Pradesh. The university provides education to the people in the remote areas through distance learning mode. Our university is producing world class talent with optimum utilization of limited resources.

Under the dynamic leadership of our present Vice-Chancellor, Prof. Rajkumar Bhatnagar the university has set new goals and aspirations for itself and is aiming to achieve newer heights.

ABOUT THE DEPARTMENT

This department was established in 1984, with the basic aim to cater to the needs of students of Vindhya Region which is a socially and economically backward part of Central India. This region is particularly rich in natural resources. The former Prime Minister (Late) Mrs. Indira Gandhi foresighted it as Cement Belt and planned to run "Cement Express" from Delhi to connect it to the Power Capital of the Country "Shakti Nagar" in the Singrauli area. Situated on the border of UP & MP the region is rich in natural resources like limestone, bauxite, coal, diamond, manganese and iron. Based on these resources, major industries like cement, aluminium, coal (Power) and paper are operating since past fifty years. Chemical industries are the backbone of these major industries. Most of such industrial units are within the university jurisdiction.

The department has been recognized by the UGC, New Delhi for its academic pursuits. Special assistance programs under DBS were sanctioned to the department in the year 2006. Despite all natural resources and manpower, the younger generation of the region lacked technical skills and the expertise for exploitation of the resources available. Local stalwarts and academicians felt that providing proper guidance, quality teaching and technical know-how, this goal can be developed and brought in the main stream of the country. With these objectives the then Vice-Chancellor of the university Prof. Hira Lal Nigam, a renowned inorganic chemist, took all the pains to establish a Department of Chemistry in this University.

ABOUT THE NATIONAL SEMINAR

Chemical Sciences have been playing an important role in the development of developing world namely in field of energy, water, agriculture and health. Scientists have contributed extensively to the frontier research of chemical sciences. The on-going research will in the end bring the large chemistry assessments of the 21st century. Chemistry plays a key and vital role for all basic sciences of science. Day by day various techniques and instrumentation comprising innovations are rapidly emerging in the field of science and technology. Modern sophisticated instrumentation techniques play a key and vital role for the characterization, structure determination and identification of new molecules. Scientists are making impressive headway in the sector of research on going every day. On the basis of these inventions researcher can

modify his work according to the need of the industry and serve for the betterment of the society.

ABSTRACT (online submission)

Participants can submit their abstract as MS Word in Single A4 size page (Times New Roman Font, Title: Bold 14pt, Authors and Affiliations: Italic 12 pt, Body: Normal 12 pt) via Email at: drneetupatel1@gmail.com

IMPORTANT DATES

Abstract Submission closed: 22/10/2024

Acceptance of Paper: 25/10/2024

Last date for Registration: 30/10/2024

REGISTRATION FEE

Category	Fee
Faculty members	1000.00
Delegates from Industry	1500.00
Research Scholar	750.00
Student (UG/PG)	500.00

Payments:

Participants can pay the fees by NEFT/UPI in favour of:

Registrar, APS University, Rewa

A/c No. : 7831905100

Bank Name : Indian Bank

Branch : Rewa A.P.S. University campus, Rewa (M.P.) India 486003

IFSC : IBE0000632

*Registration fees include conference kit, breakfast, lunch and dinner for all participants.

The registration form (in the above format) and abstract can be e-mailed to the convener at: drneetupatel1@gmail.com

PATRON

Prof. Rajkumar Acharya

Hon'ble Vice-Chancellor

A.P.S. University, Rewa

CHAIRPERSON

Dr. S.S. Pathak

Registrar

A.P.S. University, Rewa

ORGANISING SECRETARY

Prof. R. N. Patel

Head, Department of Chemistry

A.P.S. University, Rewa

COORDINATOR

Dr. Kamlesh Mishra

Assistant Professor

CONVENER

Dr. Neeta Patel

Assistant Professor

TREASURER

Dr. Divyesh Prajapati

Dr. K. K. Shukla

ORGANISING COMMITTEE MEMBERS

Prof. A. K. Sinha

Prof. P. K. Singh

Prof. Sanjay Singh

Prof. Roopa Singh

Prof. Nivedita Agrawal

Prof. Sainju Sachan

Dr. Vivek Verma

Dr. Sampat Prasad Rawat

Dr. Rmupal Pandey

Dr. Satya Prakash Verma

Dr. Sunil Kumar Pandey

Dr. Yogendra Singh

Dr. Satish Kumar Patel

Dr. Rohan Lal Patel

NATIONAL ADVISORY

SC COMMITTEE

Prof. K. H. Pandey

Prof. V. R. Agrawal

Prof. D. S. Pandey

Prof. R. R. P. Singh

Prof. R. N. Yadav

Prof. Archana Pandey

Prof. A. P. Mishra
